### DAY 5-10: Exploring Antarctica

With long hours of daylight at this time of year, we have ample opportunity to explore the Antarctic Peninsula and the surrounding islands. In keeping with the nature of an expedition, the schedule is flexible so that we can take advantage of the unexpected—watching whales at play off the bow, taking an after-dinner Zodiac cruise, or heading out on an unplanned excursion. We anticipate offering opportunities each day to hike, kayak among the ice floes, and experience close encounters with wildlife. You may have the thrill of watching our powerful ship crunch through the pack ice, or step ashore to thousands of Adélie and gentoo penguins. You'll learn how climate change affects the penguin populations, and how best to capture images of penguins from a *National Geographic* photographer. Back aboard, our undersea specialist may present video from that day's dive or show rare images taken up to 1,000 feet below the surface using our ROV. Our expert staff will craft an expedition where you will learn, see, and experience more. (B,L,D)

### DAY 11-12: At Sea

Enjoy the ship's amenities as the coast of Antarctica disappears from view. Round the southernmost tip of South America, and see the meeting of the Atlantic and Pacific Oceans. Celebrate your voyage at a farewell dinner on board. (B,L,D)

### DAY 13-14: Disembark Ushuaia/Fly to Buenos Aires (Explorer) or Santiago (Orion)/Home

Disembark in Ushuaia. Fly by charter to Buenos Aires or Santiago and connect with your overnight flight home. (Day 13: B,L)
