

Antarctica 2024

AMAZING EARLY-SEASON EXPERIENCES

[BOOK NOW →](#)

Dear Nikhil,

Book your Antarctic dream trip in the early season (November to December) when the staggering months-long accumulation of pristine white snow creates an untouched landscape unlike any you've witnessed before. Prepare to be awestruck as the prolonged sunlight illuminates glaciers and snowscapes making it the best time for landscape photography.

EARLY SEASON

Highlights

Watch penguins play in the deep early-season snow

Witness icebergs at their largest

Kayak past Southern elephant and Weddell seals basking on the floating ice

Heli flight-see over vast stretches untouched early-season snow

Plus: You can be among the first to travel on our newest ship, the state-of-the-art *Ocean Explorer*, which joins our fleet starting in the Antarctic 2024/2025 season.
