

# SPEND THIS SUMMER

*on the Venetian Lagoon*

Italy's Veneto region is a daydream come to life. Its highlight? The romantic city of Venice, whose famous canals meander their way to a gorgeous blue lagoon studded with hidden gem islands. Discover this region at its peak this summer. Trust us, there are few feelings that match sipping an Aperol spritz during a sunny summertime sailing.

Ready to make 2023 The Year to Remember? Sail the S.S. La Venezia this summer to **save up to \$1,500 per person.\***

## Meet the S.S. La Venezia

## Itinerary Highlights

Every day on this itinerary is a new opportunity to uncover the delicious flavors of Veneto. Think perfectly cooked calamari at the ship's restaurant, a farm lunch of homegrown products, wine tastings at renowned estates, and a trip to the local market with our chef to pick out ingredients for your next meal.

The top sites of Venice can be notoriously crowded. Not for our guests. Enter the regal halls of the Doge's palace for a private morning tour, and head to St. Mark's Basilica after its doors have closed to the public for an awe-inspiring lighting of its golden ceiling. Plus, Uniworld's exclusive dock on the rainbow-hued island of Burano means you get to explore this colorful favorite when all the tourists have gone home.

Between skyrocketing hotel prices, daily meals and expensive transportation, the costs of a do-it-yourself vacation in Venice start to add up. People are often surprised to find that a luxury cruise with Uniworld saves them money—not to mention stress. It's no wonder, however, when our all-inclusive price covers your boutique floating hotel room, 3 meals a day, unlimited drinks, a thorough immersion in Venice and opportunities to visit nearby cities.

## Why a River Cruise?

Travel all over, unpack once on boutique river cruises that take you through countries, not around them. Besides being one of the most immersive ways to travel, our trips also offer a more personal experience on ships averaging under 120 guests with a guest-to-crew ratio of 2.4 to 1.
